

Name	Title	Award type	Magazine	Evaluation	Notes
اسامة السيد عراقى محمد ابو قاسم	Statistical analysis of the Gompertz-Makeham model using adaptive progressively hybrid Type-II censoring and its applications in various sciences	WOS - FirstAffiliation	Journal of Radiation Research and Applied Sciences	غير مقبول طبقاً لشروط التقديم بلائحة مكافآت تشجيع النشر العلمي الدولي	Q3 in WOS - not indexed in Scopus
	Optimal sampling and statistical inferences for Kumaraswamy distribution under progressive Type-II censoring schemes	WOS - FirstAffiliation	Scientific Reports	WOS لتصنيف Q2 في التخصص Analytics First Affiliation	
	Statistical Analysis of Type-II Generalized Progressively Hybrid Alpha-PIE Censored Data and Applications in Electronic Tubes and Vinyl Chloride	WOS - FirstAffiliation	Axioms	WOS لتصنيف Q2 في التخصص Analytics First Affiliation	
	Statistical Evaluations and Applications for IER Parameters from Generalized Progressively Type-II Hybrid Censored Data	WOS - FirstAffiliation	Axioms	WOS لتصنيف Q2 في التخصص Analytics First Affiliation	
	Classical and Bayesian estimation for Gompertz distribution under the unified hybrid censored sampling with application	WOS - FirstAffiliation	AIP Advances	غير مقبول طبقاً لشروط التقديم بلائحة مكافآت تشجيع النشر العلمي الدولي	Q4 in WOS - Citescore 55% in Scopus
